# INTRODUCTION

## Heritage Two

### Nature and durable

the most natural engineered wood VSPC flooring with its real wood feeling that brings the space elegance and luxury, just like solid wood flooring.

### The collection features Diamond Gard™

a unique coating system for ultra scratch and cigarette stubbing resistance properties. Heritage Two VSPC floors guarantee better structural stability, water resistance and comfortable foot feel.

# Diamond Gard™

## Scratch & scuff resistance system

Diamond Gard™ is a proprietary acrylic-based coating system that solves the main problem with typical vinyl products scuffs and scratches.

Selected Power Dekor vinyl products are coated with Diamond Gard™.

EDGE TREATMENT

GLOSS CAN MAKE A DIFFERENCE

Love your floor to every last detail. Gloss is one of the details.
No matter traditional pronounced high gloss or extreme matt, you can find your option with Power Dekor.

Matt | Silky | Satin | Natural | Shiny

FINISH

**Wire brushed**
Brush the surface to highlight the natural structure of the grain creating additional texture.

**Hand-sculptured**
The distinctive color and grain of hardwood is sculptured by the craftsmanship.

**Emboss**
Create concave-convex value through scraping and brushing.

**Crystal**
The unique coating treatment makes floors look shiny and as hard as crystal.

**Power Dekor Floors**
